1. Introduction

1.1 Scope

This user manual is designed to guide users on how to use the expense module of Oracle Fusion. It covers the features and functionality of the expense module, as well as the process of creating, submitting, and approving expense reports. This user manual does not cover other modules of Oracle Fusion

1.2 Objective

The objective of this user manual is to provide users with a comprehensive guide on how to use the expense module of Oracle Fusion. This manual aims to help users understand the process of creating, submitting, and approving expense reports, as well as how to use the various features and functionalities of the module.

1.3 Target Audience

The target audience for this user manual is employees and managers who use the expense module of Oracle Fusion. This manual is also suitable for administrators and other users who are responsible for managing and maintaining the expense module.

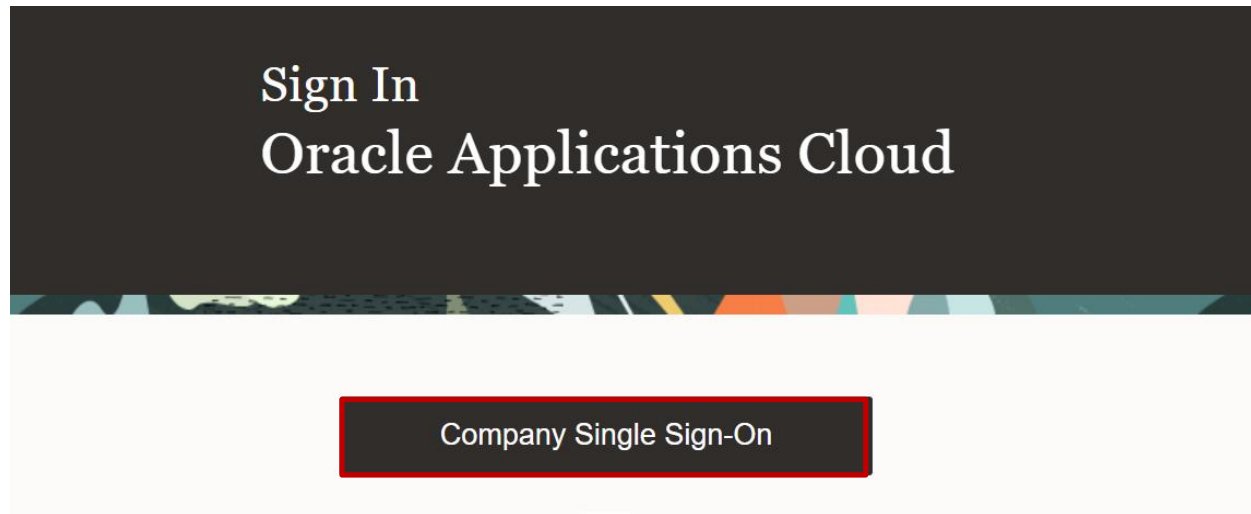

2. Overview

The expense module is a part of Oracle Fusion that helps employees and managers manage their expenses. It provides a simple and intuitive interface that allows users to create, submit, and approve expense reports.

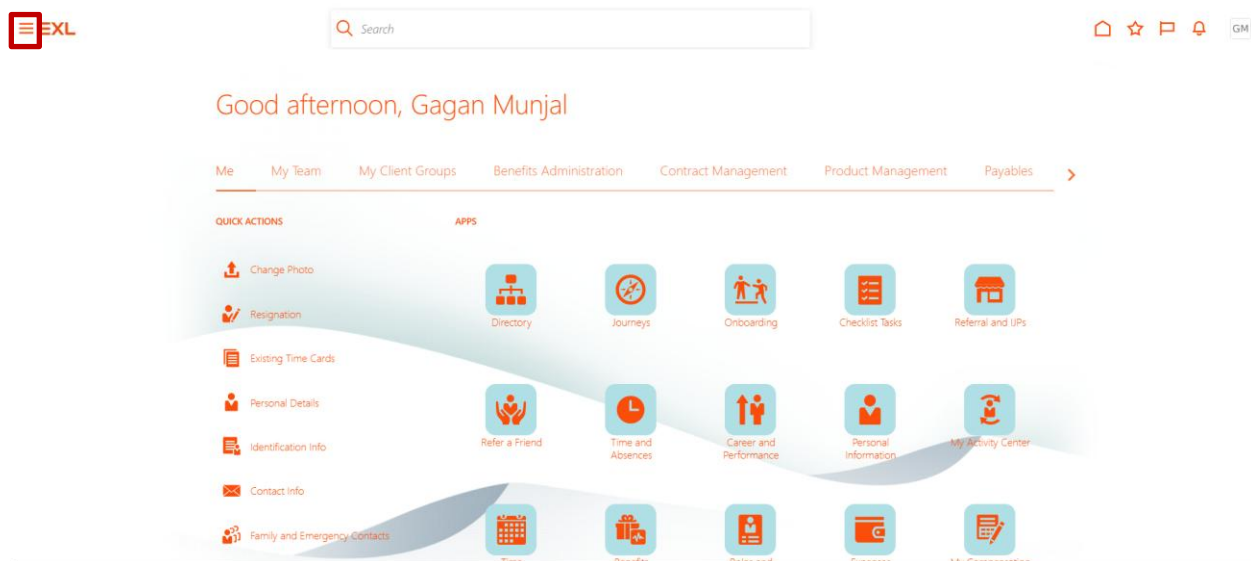

2.1 Accessing the expense Module.

To access the expense module, log in to Oracle Fusion using SSO. Once you are logged in, click on the Navigator button.

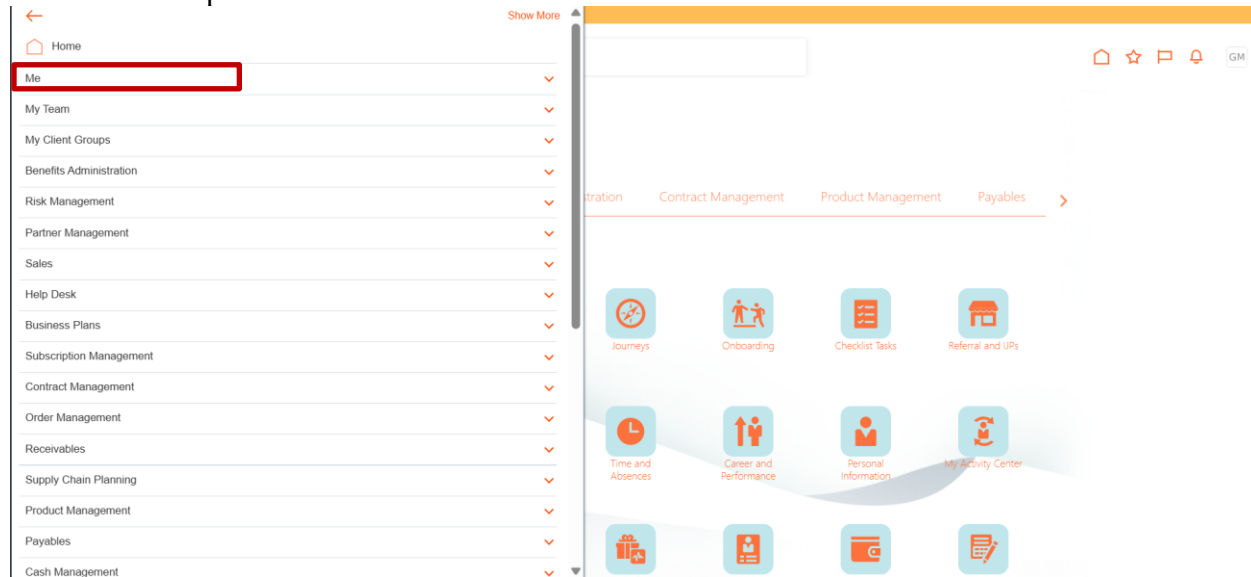

Link :- <https://fa-ewjt-dev1-saasfaprod1.fa.ocs.oraclecloud.com>

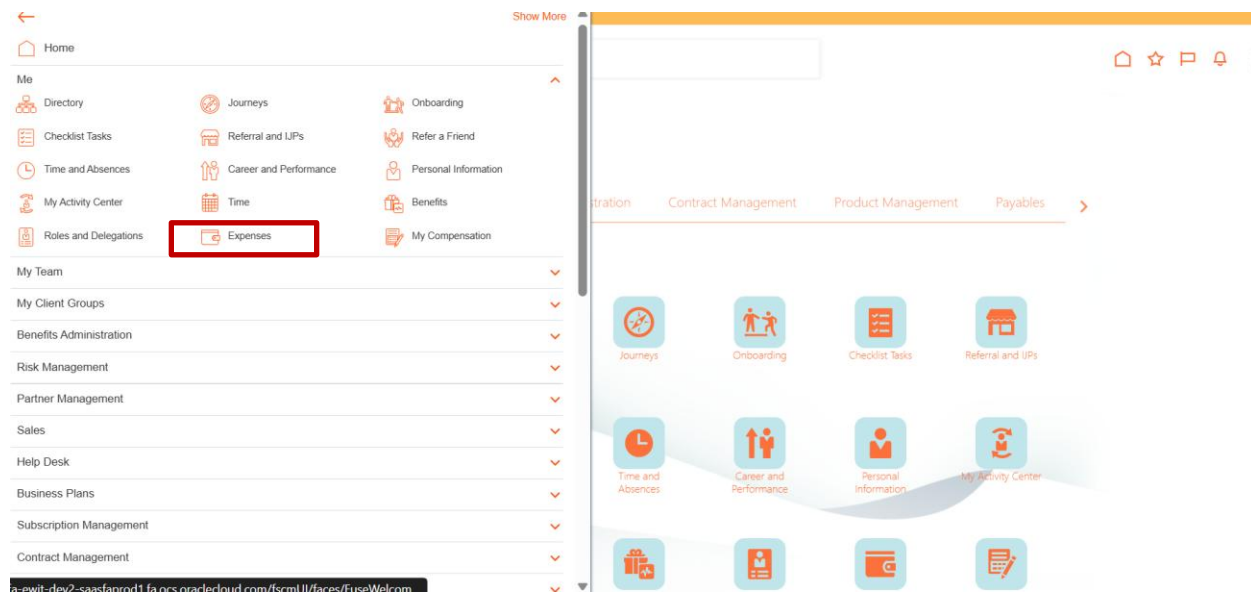

Go to Top Left Navigator as highlighted below.

Click on **ME** Options

Click on **Expenses** as Highlighted

Or there is another way to open an expensive work area i.e. Under the TAB 'Me' click on Expenses

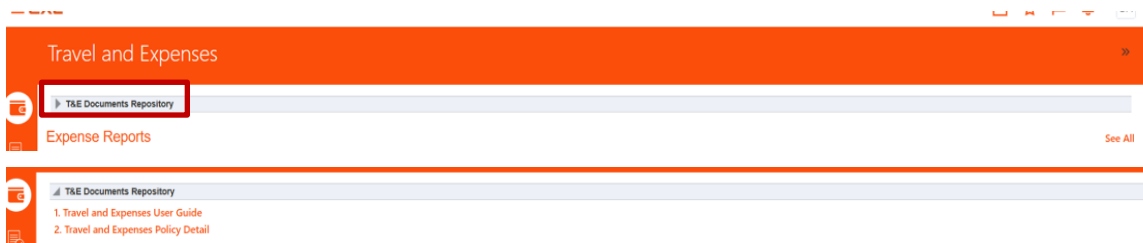

Good afternoon, Gagan Munjal

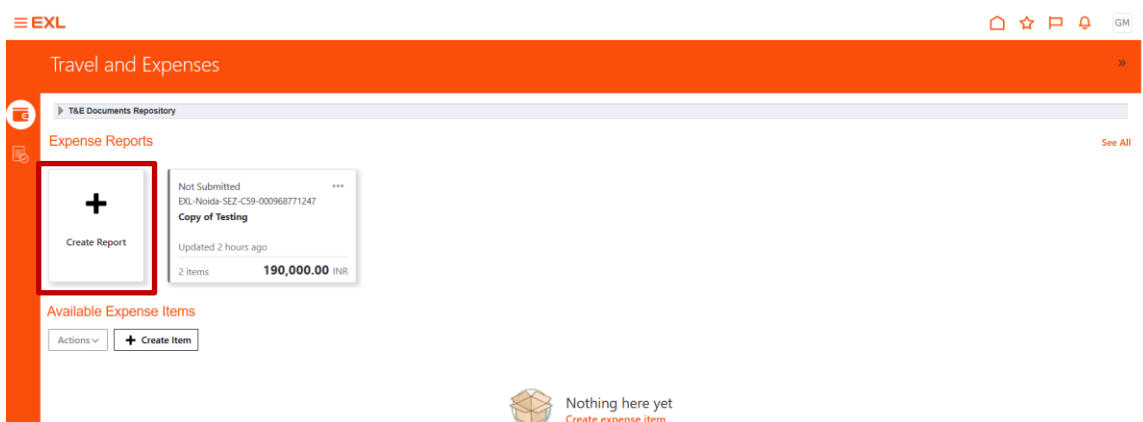

3. Creating Expense Report

3.1 Expense Report Header

You can view the policy documents and user guides by expanding the box T&E Documents Repository.

Click on the + to create an expense report.

This is the report header comprises of Purpose, paid on behalf, default project number and corporate card assigned or not. You can either create Items separately and then add it to the report or you can create the report and then add the items in the report as shown below.

Create Expense Report ⓘ

Save Submit Cancel

* Purpose Enter Purpose

Paid On Behalf Select Employee Name (Optional)

Macro Settings

☐ Disable VBA macros without notification
☐ Disable VBA macros with notification
☐ Disable VBA macros except digitally signed macros
☒ **Enable VBA macros (not recommended; potentially dangerous code can run)**

☐ Enable Excel 4.0 macros when VBA macros are enabled

Developer Macro Settings

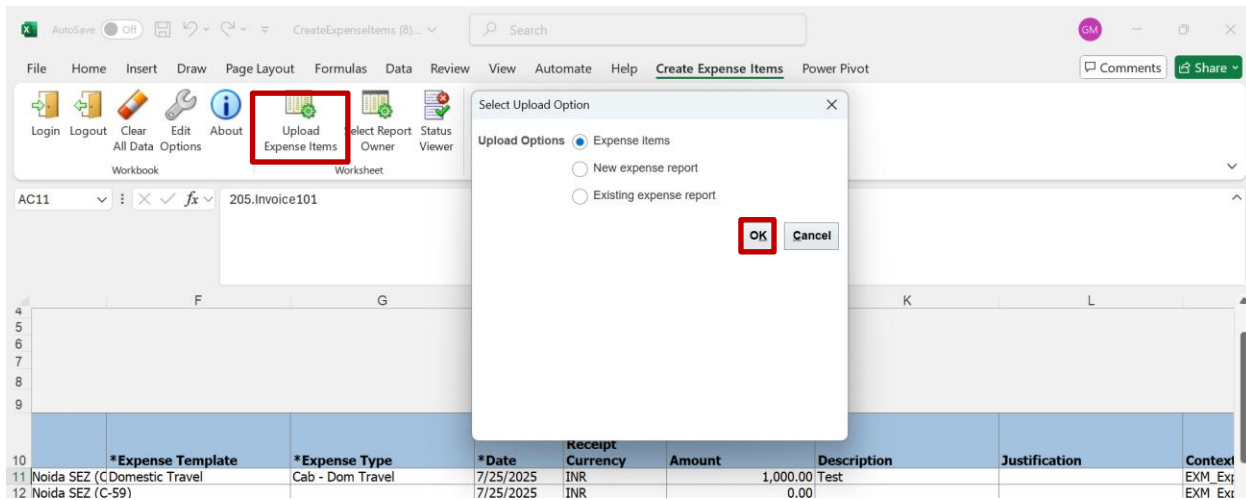

☒ Trust access to the VBA project object model

Once file is opened, Enter the Login ID and password of your user and click ok.

Once the spreadsheet is opened, you need to enter all necessary details like Template, Type, Date, Amount, Description. Once this is completed go at the end and **double click** on the field additional information as mentioned below to see the additional columns like receipt number or GST/VAT Amount

Once all information filled, you need to click on the Upload expense item. You can either upload the item, create a new report or add it to an existing report.

Let's click on Expense Items and ok.

Once uploaded you will see the record is successfully uploaded. If the process goes in error you need to check the error remarks to the right side of spreadsheet and accordingly take the necessary action.

Information provided

4.2 Approval for Receipt verification for Philippines BU'S

When employee is from Philippines and he is creating an expense report, Additional approval is required for receipt confirmation of original hardcopy.

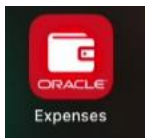

There is no other step which user needs to take, user can see the approval for receipt verification under same participant which “Expense Report Approval Stage” along with the reason in yellow box.

5. Expense Report creation using mobile application.

Expense reports can also be created using mobile applications and steps have been specified below.

Download application in IOS/ Android from App store/Play store with name '**Oracle Fusion Expense.**'

Open the application and give the following details.

Host URL - <https://fa-ewjt-dev1-saasfaprod1.fa.ocs.oraclecloud.com>

Username – Your Username

Password – Your Password.

5.1 Mobile application Home page

Once you enter the application.

You will see multiple options as shown below in the screen shot.

View -> You will see all Expense type created along with warning if any.

Week		Type	Project
20 Jul 2025		100.00 INR	
	Own Vehicle		KM
			25 Jul 2025
Distance, Description and Vehicle Type are missing			
Cab		100.00 INR	
Faridabad, Faridabad, Haryana, IN		25 Jul 2025	

Upload -> Once you create the item it will be visible to here. You can upload the items (Once you click on the item it will be selected and show with green tick) using this tab to the Oracle Expense workbench.

Back	Upload Expenses		Upload
Week		Type	Project
2 selected		Total: 100.00 INR	
20 Jul 2025		100.00 INR	
	Own Vehicle		KM
	25-Jul-2025		
	Cab		100.00 INR
	Faridabad, Faridabad, Haryana, IN		25-Jul-2025

Submit -> You will see all transactions which are eligible to add in the report.

Click on Create to create the report.

Submit Report		Create
Week Type Project		
1 selected		Total: 100.00 INR
20 Jul 2025	100.00 INR	
☒ Cab	100.00 INR	25-Jul-2025
Faridabad, Faridabad, Haryana, IN		

Enter the Purpose and select Project number from the LOV. And click on submit.

Submit Report		Submit
Total	100.00 INR	
Expenses	1 item	
* Purpose	Mobile expense	
Attachments	Add attachment	
Paid On Behalf		
Default Project Number	D011147	
Cab	100.00 INR	25-Jul-2025
Faridabad, Faridabad, Haryana, IN		

Once you submit the report, you can find the details of the report in history.

Camera -> You can take the snap of the receipt and store it on the phone.

Voice -> You can ask system to create expense items based on amount, currency etc.

Enter -> You need to click on a pencil to create the expense item and save.

EXL-N...27788	Saved	1 expense
25 Jul 2025	test	10.00 INR
EXL-N...27796	Pending Manager Approval	1 expense

5.2 Withdraw expense reports.

You can also withdraw the report by clicking on the submitted expense report in history tab as you can see below.

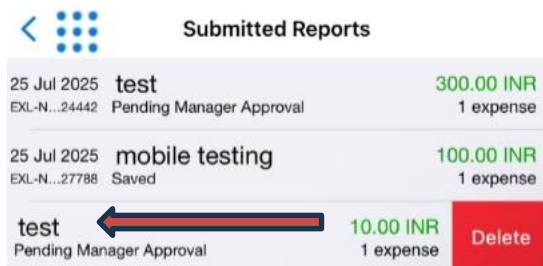

The screenshot shows the 'Expense Report' details screen. At the top, there is a navigation bar with a back arrow, the title 'Expense Report', and a 'Withdraw' button highlighted with a red rectangle. Below the navigation bar, the report details are displayed in a table-like format:

Total	10.00 INR
Report Status	Pending Manager Approval
Expenses	1 item
Purpose	test
Attachments	

5.3 Delete the Expense report/Items.

If you want to delete the draft Item/report, then simply slide the item to the left as shown below.

The screenshot shows the 'Submitted Reports' screen. It lists three reports:

Date	Purpose	Status	Amount	Expenses	Action
25 Jul 2025	test	Pending Manager Approval	300.00 INR	1 expense	
25 Jul 2025	mobile testing	Saved	100.00 INR	1 expense	
25 Jul 2025	test	Pending Manager Approval	10.00 INR	1 expense	Delete

A red arrow points from the left towards the 'Delete' button for the third report.

5.4 Expense report validation failure

When you submit an expense report from the mobile device, you might observe the following:

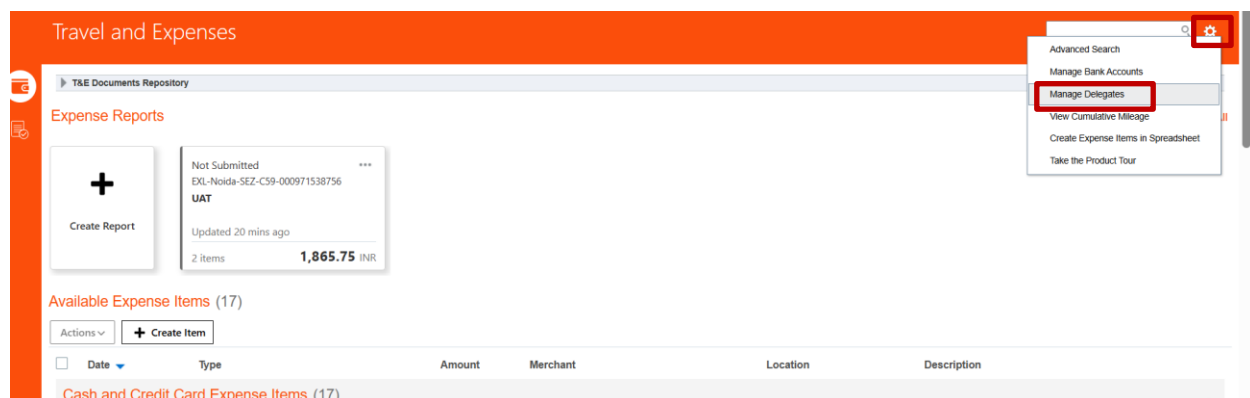

- The Submit Expense screen doesn't display the expense items with missing information or errors.
- If you submit an expense report and if it fails any validations, then the expense report is Saved as a draft in the web application. When you submit your expenses from the mobile application, and if all validations pass, the expense report gets submitted successfully. If you submit an expense report with missing or invalid information, the Expenses web application saves the report with a Saved status

Expense Report with a Status of Saved If you submit an expense report from a mobile device with invalid or missing information, the Expenses web-based application saves the report with a Saved status in the following conditions:

- Expense report violates a policy that is over the allowed limit and company policy prevents submission of a report if a policy violation occurs.
- Expense type requires itemization.
- Expense type selected for the expense is not applicable for the date selected.
- Company policy prevents submission of the expense report if you don't attach the required receipts in image format.
- Cost center for one or more expenses doesn't exist in the Expenses web-based application and will not create the cost center account automatically.
- Project assigned to Expenses is invalid.
- Required descriptive flex field for expense items is missing.
- Required tax fields for expense items are missing.
- Required category-specific fields for expense items are missing

6. Delegation (Enter Expense on Someone's Behalf & Approvals)

You need to first create delegation from the expense workbench for proxy.

Click on + and add the record for your proxy and click on save and close.

Search

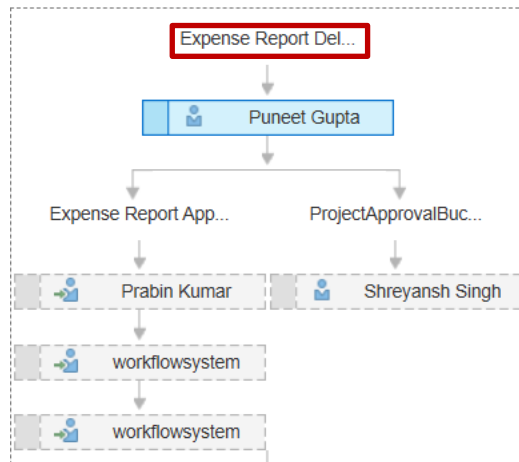

You will receive a notification after selecting the user as highlighted in **green** below-

The screenshot shows the EXL Travel and Expenses interface. A green notification banner at the top states: "You're now managing expenses for Puneet Gupta." Below this, the "Expense Reports" section displays a card for a report titled "UAT" with the ID "EXL-Noida-SEZ-C59-000971538756". The card indicates it was "Updated 29 mins ago" and contains "2 items" totaling "1,865.75 INR". A "Create Report" button is visible on the left. Below the card, there are "Available Expense Items (17)" and a "Create Item" button.

For Further Process, please follow the steps mentioned in 3 a, 3 b and 3 c.

Once report is submitted, it will show as pending Individual approver

The screenshot shows the "Expense Report: EXL-Noida-SEZ-C59-000971538756" details page. The "Purpose" is "UAT Testing". The "Status" is "Pending individual approval", which is highlighted with a red box. The "Report Total" section shows a breakdown: "Employer Pays You" (2,000.00 INR), "Employer Pays Card Issuer" (7,798.00 INR), and "You Pay Card Issuer" (2,000.00 INR), resulting in a total of "9,798.00 INR". The "Expense Items (2)" section is partially visible at the bottom.

7.Vacation Rule

When a user is on holiday and they want somebody to act on pending task/notification in his work area then they can create vacation rule to Reassign/Delegate all notifications related to expense approvals to other user

Below are the steps showing detailed navigation.

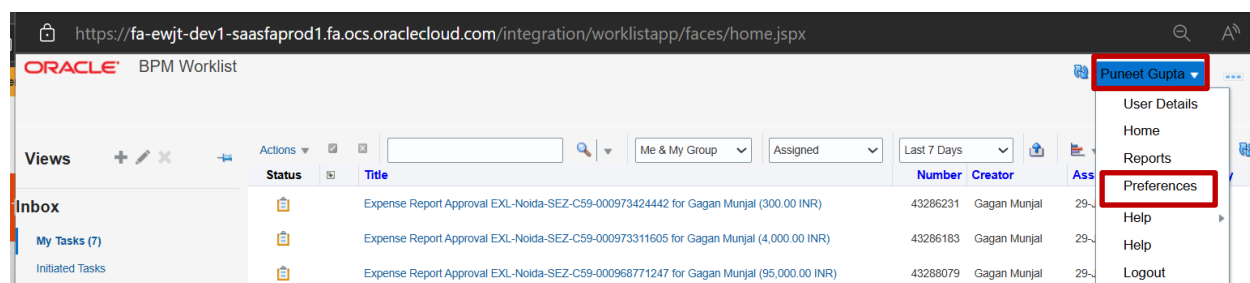

Login to application

Click on Bell notification >> see all and then on Worklist.

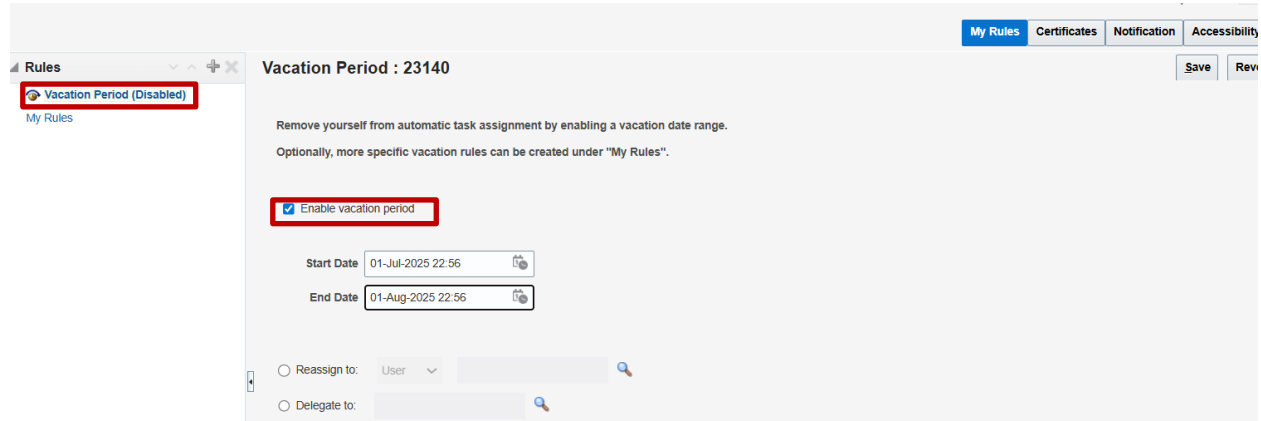

BPM worklist will be visible >> Go to your username > Preferences

Click on Vacation Period (Disabled) Task to enable the vacation rule >> Enable Vacation Period.

Mention the date ranges “START DATE” and “END DATE” for which vacation rule needs to be activated.

Rules

Vacation Period (Disabled)

My Rules

Vacation Period : 23140

Remove yourself from automatic task assignment by enabling a vacation date range.
Optionally, more specific vacation rules can be created under "My Rules".

☒ Enable vacation period

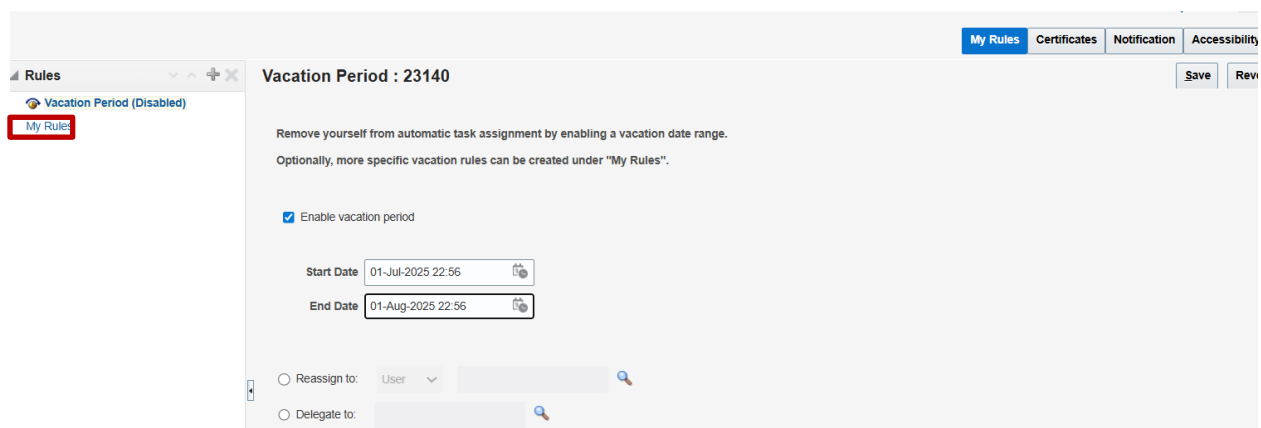

Start Date: 01-Jul-2025 22:56

End Date: 01-Aug-2025 22:56

Reassign to: User

Delegate to:

This is activated for all type notification but if you want to restrict reassignment or delegation for specific Module Then you need to task rules as shown below

Rules

Vacation Period (Disabled)

My Rules

Vacation Period : 23140

Remove yourself from automatic task assignment by enabling a vacation date range.
Optionally, more specific vacation rules can be created under "My Rules".
